

Using pictures in Easy Read

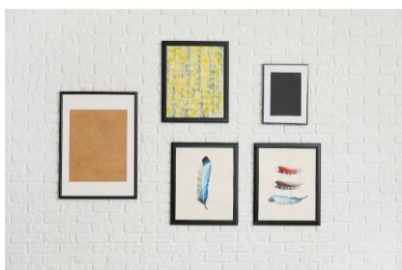

**by the Easy Read International
Community of Practice**

What this Easy Read is about

We are a group of people who make Easy Read.

We are doing some work about pictures in Easy Read.

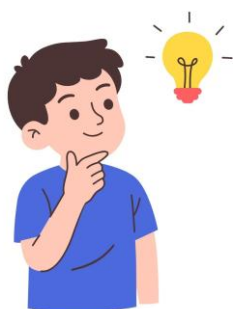

We want to:

- tell you about our work

and

- ask for your ideas.

Who we are

The **Easy Read international community of practice** is a group of:

- Easy Read writers

- Easy Read artists

and

- people who use Easy Read.

We have group members all over the world.

Our Easy Read pictures project

In 2025, we talked together about pictures in Easy Read.

Pictures in Easy Read show what the words mean.

We want to know about how different kinds of pictures work in Easy Read.

So we are doing an Easy Read pictures **project** together.

A **project** is a shared piece of work.

Our project is about:

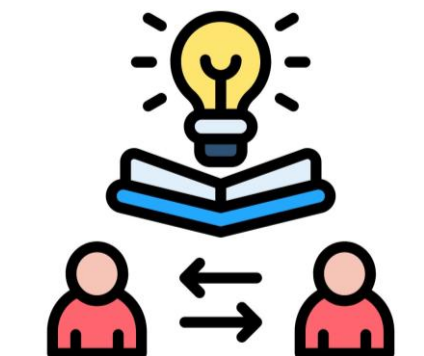

- the pictures we already use in Easy Read

- other pictures we could use in our Easy Read.

The work we are doing in our project

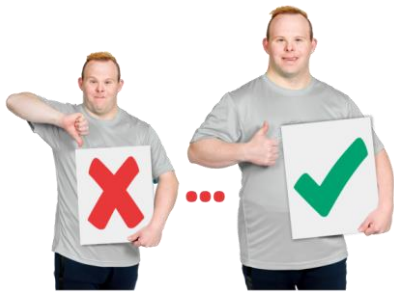

We are looking at lots of different Easy Read pictures and talking about them.

In 2026 we will write a **guidebook** for people who make Easy Read.

A **guidebook** is a book that shows people how to do something.

Our guidebook will show all the different types of pictures we can use to make Easy Read work better.

We want our guidebook to help Easy Read writers all over the world.

Our guidebook will show what pictures people like to see in Easy Read.

You may like some pictures better than others.

A question for you

Do you like the pictures in the Easy Read
you are reading now?

We used a few different kinds of pictures to make this Easy Read.
